

WORK EXPERIENCE

2022-today

Fellow of Research

University of Perugia
Department of Pharmaceutical Sciences

- **Title of the project:** "Biomolecular and epidemiological investigations on the long-term impact of SAR-COV2 infection on renal healthy".

EDUCATION

2018-2022

Master's degree in cellular and molecular biology

University of Turin
Department of Life Sciences and Systems Biology, Turin , Italy.
Curriculum: biomedical

Graduation

- Academic year: 2020/2021
- Graduation date: 8 April 2022
- Final grade: 101/110

**January 2021-
October 2021**

Internship for thesis project

University of Perugia
Department of Pharmaceutical Sciences, Section of Applied Biochemistry and Nutrition Sciences, Perugia, Italy.

- Supervisors: Prof. Giovanna di Nardo and Prof. Francesco Galli
- Thesis title: "A new chocolate product functionalized with vitamin E: characterization of main bioactive compounds (vitamin E and epicatechin)".
- Principal subjects/occupational skills covered: vitamins and polyphenols analysis by TLC, HPLC, GC-MS, extractive techniques, chromatographic purification, western blotting.

2015-2018

Bachelor's degree in biological sciences

University of Perugia
Department of Chemistry, Biology and Biotechnology, Perugia, Italy.
Curriculum: molecular

Graduation

- Academic year: 2017/2018
- Graduation date: 18 October 2018
- Final grade: 110/110 cum laude

July 2018-
August 2018

Internship

University of Perugia
Environmental chemistry lab and ecotoxicology lab.

- Supervisors: Prof. Roberta Selvaggi and Prof. Antonia Concetta Elia.
- Research topic: oxidative stress induced by metal bioaccumulation and toxicity in *Anodonta cygnea*.
- Principal subjects/occupational skills covered: spectrophotometric-based enzymatic assays (mainly glutathione peroxidase and catalase), use of MARS acid digestion system.

PERSONAL SKILLS

Mother tongue Italian

Other language(s)

Language	Understanding		Speaking		Writing
	Listening	Reading	Spoken interaction	Spoken production	
English	Very good	Very good	Good	Good	Good
French	Very good	Very good	Good	Good	Good
German	Discrete	Good	Sufficient	Sufficient	Sufficient
Russian	Good	Discrete	Sufficient	Sufficient	Discrete

Communication skills Active listening, empathy, determination, perseverance, sense of initiative, problem solving, good interpersonal skills and ability to work in a team.

Organizational skills Good ability of management and organization of experiments for scientific purposes.

JOB-RELATED SKILLS **Laboratory techniques:**
Quantitative and qualitative analysis on biological samples (such as plasma, cell cultures, tissue) and food matrix by thin layer chromatography (TLC), gas chromatography-mass spectrometry (GC-MS), high pressure liquid chromatography (HPLC) coupled with different detectors (UV-VIS, electrochemical and fluorescence detectors); extractive procedure for proteins, lipid and hydrophilic compounds, and purification by column chromatography. Use of MARS acid digestive system. Ellman assay, Folin Ciocalteau assay, enzymatic and antioxidant assays. Basic use of cell cultures (cell count, MTT assay, staining techniques) and western blotting.

Computer skills **Informatics knowledge**
Windows Office suite (Word, Excel, Outlook, One Note, Power Point, Google suite (docs, calendar, sheets slides, forms, gmail, google, drive), Adobe Photoshop, ImageJ.

Bioinformatics knowledge
Use of BLAST (NCBI) and Ensemble (exons and introns identification), AnnHib software (primer design), Chromas software (electropherogram reading). Use of scientific databases (Scopus, Science Direct, Europe PMC, PubMed Central, ResearchGate). Use of GEO, String and Target Explorer.
Basic use of R software (sequence alignment both global/local alignment), K-means and hierarchical clustering.

SCIENTIFIC SOCIETIES MEMBER

April 2022-present	Society for Free Radical Research-Europe (SFRR-E)
--------------------	---

Scientific outreach and public communication activities

- Meeting with *Università Libera* (university of the third age) to discuss the beneficial role of vitamin E and polyphenols in protein energy malnutrition. December 2021 Bastia Umbra (Italy).
- Presentation of Choko-agE European research project for Eurochocolate festival. October 2021, Perugia (Italy).

Volunteering

2016-present	Italian Volunteer Blood-donors Association-AVIS.
