Access to the Ph.D. courses is governed according to the methods established and specified for each Ph.D. course in the aforementioned **Annex 1**.

The allocation of scholarships funded or co-funded by third parties is subject to the perfection of such funding within the terms indicated in Annex 1.

Art.2

Admission Requirements

Anyone who holds **one of the following degrees** held by November 30, 2024, can apply:

The evaluation of the international degree is based on the documentation attached to the application. If the submitted documentation does not provide sufficient elements for evaluation, the Committee has the right to exclude the related applications. **After the selection, the Ph.D. Office will carry out further checks on the authenticity and comparability of the international degrees presented, and if the presented degree is not found to be authentic or valid for enrollment purposes, it reserves the right to exclude the admitted candidates.**

The specific required degrees for each Ph.D. course are indicated in Annex 1.

Art.3

The Evaluation Committees for admission to the Ph.D. courses will be formed and appointed in accordance with Article 15 of the Ph.D. Courses Regulations of this University.

The composition of the Committees will be announced starting from October 15, 2024, at <https://www.unipg.it/didattica/percorsi-post-laurea/dottorati-di-ricerca/bandi-avvisi-e-modulistica>.

Candidates may submit any objections to one or more members of the Evaluation Committee to the Rector within 10 days of the publication of the appointment decree on the University website, provided such objections are duly substantiated.

Art.5

Selection Procedure

The selection procedure will be carried out according to the methods indicated for each Ph.D. course in **Annex 1** to this call, which should be **read carefully**. The evaluation of the qualifications is carried out by the Evaluation Committee

before the selection tests according to the criteria and methods for assigning scores indicated for each Ph.D. Course in Annex 1 to this call.

If a minimum score **is required** for admission to the course, the score assigned by the Evaluation Committee for the qualifications will be published before the selection tests at <https://www.unipg.it/didattica/percorsi-post-laurea/dottorati-di-ricerca/bandi-avvisi-e-modulistica>. If a minimum score **is not required**, the score obtained will be communicated to each candidate during the interview.

On **October 27th, 2024**, a **notice** will be published on the University website at <https://www.unipg.it/didattica/percorsi-post-laurea/dottorati-di-ricerca/bandi-avvisi-e-modulistica> and on the University's online bulletin board, providing the test schedules and any other relevant communication regarding this selection. This notice serves as a **formal convocation, and no personal communications** will be sent in this regard.

Failure to attend the selection tests (or failure to connect on the scheduled date and time in the case of online interviews) will be considered an **implicit withdrawal** from the selection process, regardless of the cause.

To be admitted to the selection tests, candidates must present a valid identification document: identity card, passport, driver's license, nautical license, pension booklet, permit for operating thermal plants, firearms license, or identification cards provided they have a photo and an official stamp or other equivalent marking issued by a State Administration. If the identification document is expired, the candidate must declare in writing that the information contained in the document has not changed since the date of issue.

The Evaluation Committee will prepare a general merit ranking, including only those candidates who have obtained a total score equal to or greater than the minimum overall score required for qualification as indicated in Annex 1 to this call. This score is the sum of the scores obtained in the evaluation of qualifications and selection tests.

After the selection procedures, the Rector will approve the relevant documents or return them to the Committee for any necessary corrections and additions. Those who are successfully ranked will be admitted to the course as per Article 6. The rankings will be published on the website at <https://www.unipg.it/didattica/percorsi-post-laurea/dottorati-di-ricerca/bandi-avvisi-e-modulistica> and on the University's online bulletin board (**no personal notifications will be sent**).

Candidates have the right to access the documents in accordance with Law no. 241/1990 and the University's Regulations on administrative procedures and

access to documents. The Administration may postpone access to the documents until the end of the competition.
