

SABATA MARTINO
Ricercatore Universitario Confermato SSD BIO11
CURRICULUM VITAE

*Birt: 16.12.1963
City: Mesoraca (KR)
Citizenship: Italian
Residence: Perugia (PG)
Strada Perugia-S.Marco, n.81/l, int. 23C, 06131- Perugia, Italy
Tel. 03394231515
e-mail: martinos@nippg.it
skype ID: sabatamartino*

Education

- 1988 Degree in Biological Sciences. Thesis: "Isoenzymes of β -hexosaminidase from HL-60: biochemical characterization and relationship with the processes of cell differentiation." at the Department of Experimental Medicine and Biochemical Sciences, course of Applied Biochemistry, University of Perugia.
- 1989 Qualification to the profession of Biologist degree. University of Perugia (DPR 980/82)
- 1996 PhD in "Biology and Cellular and Molecular Pathology" at University of Perugia. Thesis: "Subcellular localization, processing, internalization and regulation β -hexosaminidase in the cell line HL60"

AWARDS

- 1997 "5th EUROPEAN AWARD ON GENE THERAPY" for the project; "Development of a gene therapy strategy for Tay-Sachs disease", (Associazione Malattie Rare Mauro Baschirotto).
- 2002 Royal Society AWARD for the project: "Directed Hexa Gene Transfer Therapy For Tay-Sachs Disease Provides A Wide Brain Distribution Of The β -Hexosaminidase A And Restores The GM2 Ganglioside Metabolism. 16-17 october, London,(UK)
- 2008 Prof. Luciano Belli AWARD for the project "Micropatterned hydrogenated amorphous carbon guides mesenchymal stem cells towards neuronal differentiation."
- 2013 Prize "ROOTS" (IIIA Edition) granted by the Municipality of Mesoraca

SCHOLARSHIP

- 1990 Erasmus Scholarship to attend the training course: "Monoclonal Antibodies", held in Amsterdam. (June 1990)
- 1993 Scholarship in the CIP ERASMUS (ICP 2078/13, between the University of Perugia, Paris and London) for a period of study for a year in London at the Division of Life Science at King's College, University of London.

SCIENTIFIC POSITIONS

1991 (gen)	Fellow- MURST (Ministero della Ricerca Scientifica e Tecnologica italiano) at Division of Life Science, King's College, University of London, J.L. Stirling laboratories.
1991 (nov) -1995	Ph.D student at University of Perugia and Division of Life Science, King's College, University of London, J.L. Stirling laboratories.
1995-1997	Post-doc at Department of Cellular and Molecular Biology, University of Perugia
1997-2002	Post-doc at TIGET (Telethon Institute for Gene Therapy)-HSR, Milano; Stem Research Institute_HSR, Milan and Department of Biochemical Sciences and Molecular Biotechnologies, University of Perugia
<i>2003-september</i>	Group Leader at Department of Biochemical Sciences and Molecular Biotechnologies, University of Perugia.
2003-2004	(wk) Contractor EEC, with duties of Group Leader at the Department of Biochemistry and Molecular Biotechnology of the University of Perugia
2005-present	Researcher at University of Perugia, SSD BIO/11, Molecular Biology
2007-present	Assistant Professor of Molecular Biology at University of Perugia
2014-Jan-present	National Scientific Habilitation as Professor II in SSD BIO /13, Applied Biology

SCIENTIFIC SKILLS

- Lysosomal enzymes: enzyme activity, protein expression, gene regulation, including microRNAs.
- Development of stem cell/gene therapy translational medicine approach for genetic neurodegenerative diseases (e.g. Lysosomal Storage Disorders; Alzheimer's disease)
- Development of stem cell/biomaterial for regenerative translational medicine applications: molecular mechanisms that are activated by biomaterials modulate the stem cell fate.

EDITORIAL POSITIONS

2000 –present	Referee of Human Gene Therapy, Gene Therapy, Journal of Neurochemistry, FEBS Letter, Faseb Journal, Nanomedicine, Material Science; ACS Applied Materials & Interface; Nanomaterials; Stem cell international
2011-present	Guest Editor of Recent Patents on Drug Delivery & Formulation journal for the special issue "Recent patents on stem cell and biomedical applications" (Bentham Science Publishers).
2012-present	Editorial Member of Journal of Biocatalysis & Biotransformation, International Journal of Stem cell transplantation
2014-present	Referee of PRIN and FIRB projects granted by Repubblica Italiana Educational Ministry
2015-present	Referee of ELA project granted by ELA - Association Européenne contre les Leucodystrophies

ACADEMIC POSITIONS

2003-present	Ph.D committee member. PhD in "Molecular Biology and Biotechnology" University of Perugia
2003-2005	Professor of Molecular Biology II, Biological Science, University of Perugia
2004-2010	Professor of Molecular Biology II, LS Molecular and Biomedical Science, University of Perugia
2004 –2007	Professor of Molecular Biology for "Tissue and Cell Transplant", International Master of Biotechnologies, University of Perugia
2005-present	Assistant Professor, subject area BIO11, University of Perugia. Rector Prot. 0022160
2005-2010	Professor of Molecular cell Biology, and of Recombinant Technologies, LT Biological Science University of Perugia
2006-2010	Professor of Biochemistry and Laboratory of Biochemistry, Biotechnology, University of Perugia

2010-2014	Professor of Avanced Molecula Biology, LM Applied Biomolecular Science, University of Perugia
2014-present	Professor of Molecular Biology, LT Biological Sciences, Department of Chemistry, Biology and Biotechnologies, University of Perugia
2014-present	Professor of Cell Biology, LT Biotechnology, Department of Chemistry, Biology and Biotechnologies, University of Perugia.
2015-present	Professor of Avanced Molecula Biology, LM Biomolecular and Enviromental Science, University of Perugia
2013-present	Ph.D committie member. PhD in "Biotechnology", University of Perugia
2014-present	Teaching Committie Member of LT-Biological Sciences and LM- Biomolecular Science and Environmental
2015-present	Committie Member of Quality for Biotechnology and for Master of Molecular and Bictecnologie Industrstry
2016-present	Member of Research Committe for the Department of the Departments of Chemistry, Biology, Biotechnology, University of Perugia.
2003-present	Member of the examining profit courses: Molecular Biology of the Cell, Recombinant Technology, Applied Biochemistry and Molecular Biology II, Molecular Biology II (VO), Biochemistry and Laboratory of Biochemistry, Biochemical Methods, Molecular Biology, Advanced Molecular Biology

Perugia, 29,3,2016

*Dr.ssa Sabata Martino
Assistant Professor of Molecular Biology
SSD BIO11*

ELENCO DELLE PUBBLICAZIONI

1. Emiliani C., **Martino S.**, Stirling J.L. and Orlacchio A. (1991) α -N-Acetyl-Hexosaminidase in leukaemic cells. In: *Molecular basis of human cancer* (NATO-ASI Life Science series) By Plenum Publ.Co.Limited, pp.177-188.
2. Emiliani C., **Martino S.**, Orlacchio A., Vezza R., Nenci G.G., Gresele P. (1995) Platelet glycohydrolase activities: characterization and release. *Cell Biochemistry and Function*, 13, 31-39. **IF. 1.651**
3. **Martino S.**, Emiliani C., Orlacchio A., Hosseini R., Stirling J.L. (1995) α -N-Acetyl-Hexosaminidase A and S have sub-cellular distribution in HL60 cells. *Biochimica Biophysica Acta*, 1243, 489-495. **IF. 4.663**
4. Emiliani C., **Martino S.**, Stirling J.L., Maras B. and Orlacchio A. (1995) Partial sequence of the purified protein confirms the identity of cDNA coding for human lysosomal α -Mannosidase. *Biochemical J.*, 305, 363-365 **IF. 5.016**
5. Emiliani C., **Martino S.**, Stirling J.L. and Orlacchio A. (1995) Influence of cell differentiation and protein kinase activation on sub-cellular distribution of α -N-Acetyl-Hexosaminidase in HL60 cells. *Physiological Chemistry & Physics & Medical NMR*. 272, 369-376 **IF. 1.151**
6. **Martino S.**, Emiliani C., Tabilio A., Falzetti F., Stirling J.L. and Orlacchio A. (1997) Distribution of active α - and β -subunits of α -N-Acetyl-Hexosaminidase as a function of leukaemic cell types. *Biochimica Biophysica Acta*, 1335 (1-2), 5-15. **IF. 4.663**
